

DEAR MR. LAKE,

IN RECENT YEARS I HAVE BEEN FOLLOWING THE PLAN UNDER  
5726-99 MAY 24 AIO 45  
G.A.T.T. KNOWN AS THE CODEX ALIMENTARIUS. THE IDEAS (such  
as the expunging of seed strains, introduction of mule  
seeds, genetically manipulated products etc.) PUT FORWARD  
BY YOUR GROUP REPRESENT I THINK, THE UTMOST IN HIGH-TECH  
CAVALIERISM.

I WOULD STRONGLY URGE YOU TO WITHDRAW YOUR EFFORT  
TO PASS LAWS THAT WOULD BROADEN YOUR ALREADY UNCONCIONABLE  
USE OF THESE BIOTECHNOLOGIES. BOVINE GROWTH HORMONE WAS  
NOT TESTED BEFORE BEING RELEASED TO THE MARKET. IT IS  
IMPLICATED IN MANY CANCERS (besides causing disease and  
discomfort in the cows).

PLEASE THINK SERIOUSLY ABOUT THIS.

ED DIEHL
